China op eigen houtje

Vogelen in China is nu niet meer zo moeilijk

Het kan op eigen houtje

Vooral georganiseerde vogelreizen

Veel trip reports, allemaal beperkte gebiedsinfo: bedrijfsgeheim... Vrijwel alle sites mooie plaatjes, weinig kaartjes. Zoals

Dongtan Wetland Park

"Righting environmental wrongs"

- Geopend 2010
- Dongtan Wetland Park is a 24-kilometer swath of reclaimed wetlands adjacent to the Dongtan Bird Reserve on Chong-ming Island just a one-hour drive from People's Square
- Just nine years ago, the land that the Dongtan Wetland Park now occupies was an environmentally damaged patchwork of farms, ditches filled with waste and a large polluted pond.
- To protect Dongtan Bird Reserve
